ARCHERY

TALENT

ONCE PER BATTLE

EFFECT

Once per battle, reroll one of your missed ranged attacks.

ADVENTURER FEAT

LEARNED ✦

Your *Archery* rerolls gain a +2 attack bonus and the attack's crit range expands by 1.

CHAMPION FEAT

USED ✦ LEARNED ✦

Once per day, you can use *Archery* twice in the same battle.

EPIC FEAT

USED ✦ LEARNED ✦

Once per day, you can turn a normal hit with a ranger ranged attack into a critical hit.

ARCHERY

TALENT USED

ONCE PER BATTLE

DOUBLE MELEE ATTACK

TALENT

FREE ACTION

Special: You must fight with two one-handed melee weapons.

Trigger: Your first attack is a natural even roll (hit or miss).

EFFECT

When fighting with two one-handed melee weapons, your default option is to make a *double melee attack*.

Your weapon damage die drops one notch, usually from d8s to d6s. If your first attack is a natural even roll (hit or miss), you can make a second attack as a free action.

If you decide you don't want to try for a *double melee attack* while fighting with two one-handed weapons, declare it before rolling your attack; the single attack will deal the normal damage dice instead of using reduced damage dice.

DOUBLE MELEE ATTACK

TALENT

ADVENTURER FEAT

LEARNED ✦

Your second attack gains a +2 attack bonus if it is against a different target.

CHAMPION FEAT

USED ✦ LEARNED ✦

Once per battle, use *Double Melee Attack* after an odd attack roll.

EPIC FEAT

LEARNED ✦

Each turn, you can pop free of one enemy before one attack roll that is part of a *Double Melee Attack*. You can also use your move action in between your two attacks if you wish.

TWO-WEAPON FIGHTING

You fight as normal, generally using the weapon in your main hand to attack. If your attack roll is a natural 2, you can reroll the attack but must use the reroll.

DOUBLE RANGED ATTACK

TALENT

FREE ACTION

Trigger: Your first attack is a natural even roll (hit or miss).

EFFECT

When you attack with a ranged weapon that does not need to be reloaded, your default option is to make a *double ranged attack*.

Your **weapon damage die drops one notch, usually from d8s to d6s**. If your first attack is a natural even roll (hit or miss), you can make a second attack as a free action.

If you decide you don't want to try for a *double ranged attack* when firing your bow or other ranged weapon, declare it before rolling your attack; the single attack will deal the normal damage dice instead of using reduced damage dice.

DOUBLE RANGED ATTACK

TALENT

ADVENTURER FEAT

LEARNED ✦

Your second attack gains a +2 attack bonus if it is against a different target.

CHAMPION FEAT

USED ✦ LEARNED ✦

Once per battle, you can use *Double Ranged Attack* after an odd attack roll.

EPIC FEAT

LEARNED ✦

Each turn, you can pop free of one enemy before one attack roll that is part of a *Double Ranged Attack*. You can also use your move action in between your two attacks if you wish.

RANGED WEAPON CATEGORIES

Ranged weapons can be reloaded as part of the standard action in which they are used in an attack. Hand and light crossbows require a quick action to reload. Heavy crossbows require a move action to reload.

FAVORED ENEMY

TALENT

MONSTER TYPE

MONSTER TYPE (EPIC FEAT)

EFFECT

Choose a specific monster type (e. g. aberration, beast, construct, demon, dragon, giant, humanoid*, ooze, plant, or undead).

The crit range of your ranger attacks against that type of enemy expands by 2.

*Choosing humanoid: Unlike other favored enemies, choosing humanoid as your favored enemy takes up two ranger class talent slots.

FAVORED ENEMY

TALENT

ADVENTURER FEAT

LEARNED ✦

You can change your *favored enemy* by meditating when you take a full heal-up.

CHAMPION FEAT

LEARNED ✦

Your crit range for attacks against *favored enemies* expands by 1 (to +3).

EPIC FEAT

LEARNED ✦

Choose a second non-humanoid monster type as a *favored enemy*.

FEY QUEEN'S EPICHAPTMENTS

TALENT

EFFECT

Choose one daily or recharge spell of your level or lower from the sorcerer class.

You can cast this spell as if you were a sorcerer (though you can't gather power).

ADVENTURER FEAT

LEARNED ✧

You can choose which ability score you want to use as the attack ability for sorcerer spells you can cast.

CHAMPION FEAT

LEARNED ✧

You can now choose from sorcerer at-will spells.

EPIC FEAT

LEARNED ✧

You gain an additional sorcerer spell of your choice that is your level or lower; a total of two from this talent.

FEY QUEEN'S EPICHAPTMENTS

TALENT

FIRST STRIKE

TALENT

Trigger: First time you attack an enemy during a battle.

EFFECT

The first time you attack an enemy during a battle, **your crit range for that attack expands by 2** (usually to 18+). A mob of mooks counts as a single enemy.

ADVENTURER FEAT

LEARNED

The crit range of your *First Strike* attacks expands by 1 (to +3).

CHAMPION FEAT

USED

LEARNED

Once per day, deal triple damage with a *First Strike* crit instead of double damage.

EPIC FEAT

LEARNED

Whenever you hit with a *First Strike* attack, you can reroll your damage once and use the higher roll.

FIRST STRIKE

TALENT

LETHAL HUNTER

TALENT

ONCE PER BATTLE

FREE ACTION

EFFECT

Once per battle as a free action, **choose an enemy**. The crit range of your attacks against that enemy expands by 2 for the rest of the battle. A mob of mooks counts as a single enemy.

ADVENTURER FEAT

LEARNED

The crit range of your *Lethal Hunter* attacks expands by 1 (to +3).

CHAMPION FEAT

USED

LEARNED

One battle per day, you can use *Lethal Hunter* against two different enemies.

EPIC FEAT

LEARNED

Your *Lethal Hunter* crits deal triple damage instead of double damage while the escalation die is 3+.

LETHAL HUNTER

TALENT USED

ONCE PER BATTLE

RANGER EX CATHEDRAL

TALENT

EFFECT

Choose one daily or recharge spell of your level or lower from the cleric class.

You can cast this spell as if you were a cleric.

You can change your chosen spell each time you take a full heal-up.

ADVENTURER FEAT

USED ✦ LEARNED ✦

You can cast the cleric class feature *heal spell* once per battle.

CHAMPION FEAT

LEARNED ✦

You can now choose from cleric at-will spells.

EPIC FEAT

LEARNED ✦

You gain an additional cleric spell of your choice that is your level or lower; a total of two from this talent.

RANGER EX CATHEDRAL

TALENT

RANGER'S PET

NAME

ANIMAL OR CREATURE

Choose two of the following abilities for your familiar:

AGILE

LEARNED ✧

You gain a +2 bonus to Dexterity skill checks.

ALERT / INSIGHTFUL

LEARNED ✧

You gain a +2 bonus to Wisdom skill checks.

COUNTER-BITE

LEARNED ✧

Each battle, if your familiar is close to you, it bites the first enemy that hits you with a melee attack after that attack, dealing 1d4 damage per level (no attack roll) to that enemy.

FLIGHT

LEARNED ✧

Flies as well as an overly cerebral hawk, which might in fact be precisely correct. It doesn't fly that often and usually sticks with you, but it can do so when its other abilities allow.

MIMIC

LEARNED ✧

One battle per day, you gain the use of the racial power (without feats) of one nearby ally.

POISONOUS

LEARNED ✧

Once per battle, when you hit an enemy engaged with you, add 5 ongoing poison damage per tier to the damage roll.

SCOUT

LEARNED ✧

Once per day, your familiar can separate itself from you and make a reconnaissance run of an area or location, and it may even manage that feat unseen (easy skill check for the environment to get your familiar to scout unseen).

TOUGH

LEARNED ✧

You gain a +1 save bonus; *tough* counts as two familiar abilities if you choose it.

TALKATIVE

LEARNED ✧

Your familiar can talk like a person; but note that the GM speaks for the familiar more than you do.

ADVENTURER FEAT

LEARNED ✧

Your pet gains a third ability.

CHAMPION FEAT

LEARNED ✧

Your pet gains a fourth ability.

EPIC FEAT

LEARNED ✧

Your pet gains a fifth ability.

see page 149–150

*The creature is your pet or friend instead of your familiar.
Your pet is fully natural rather than partially magical.*

TRACKER

TALENT

BACKGROUND

EFFECT

You have the *Tracker background* at its full possible **bonus of +5**, without having to spend your normal background points on it.

You are an expert wilderness tracker, capable of reading clues from the environment that others can't perceive. Tracking doesn't work well, however, in heavily traveled urban environments.

TERRAIN STUNT

In addition, you have the *terrain stunt* power.

Use the corresponding tracker talent power card.

CHAMPION FEAT

LEARNED ✦

You can track as well in urban areas as you do in the wilderness.

EPIC FEAT

LEARNED ✦

You can track flying creatures and creatures that normally wouldn't be trackable, and there's the possibility that even teleports give you a sense of direction.

TRACKER

TALENT

TERRAIN STUNT

TALENT

ONCE PER BATTLE

QUICK ACTION

Trigger: At the start of each battle in a non-urban environment, roll a d6. Any time after the escalation die reaches that number, you'll be able execute a *terrain stunt*.

EFFECT

Normally you can only use *terrain stunt* once per battle, but circumstances, geography, or excellent planning may suggest that you can pull it off more than once.

Terrain stunts are improvisational effects that play off your preternatural understanding of the wilderness and all the diverse forms of the natural world. Things like knocking a hornets nest no one had noticed onto your enemy's head, maneuvering a foe onto a soggy patch of ground that slows them down, shooting the cap off a mushroom spore in a dungeon that erupts on your enemies, getting your enemy's sword wedged into a stalactite, finding the tree branch that lets you vault up to attack the flying demon that thought it was out of axe range, and similar types of actions.

TERRAIN STUNT

TALENT USED

ONCE PER BATTLE

ADVENTURER FEAT

LEARNED ✦

Your grasp of the way the world is put together increases; you now can use *terrain stunt* in urban environments.

TWO-WEAPON MASTERY

TALENT

Special: You must fight with two one-handed melee weapons.

EFFECT

You gain a +1 attack bonus when fighting with a one-handed melee weapon in each hand.

ADVENTURER FEAT

LEARNED

When you fight with two one-handed melee weapons, increase the damage you deal with missed attacks by adding your level to it. Most of your basic melee attacks, therefore, will deal double your level as miss damage.

CHAMPION FEAT

LEARNED

If you fight with two one-handed melee weapons, whenever an enemy makes a melee attack against you and rolls a natural 1, you can make an opportunity attack against that foe as a free action.

EPIC FEAT

USED

LEARNED

One battle per day, increase the damage you deal with missed attacks to triple your level instead of double your level (from *Two-Weapon Mastery*).

TWO-WEAPON MASTERY

TALENT

TWO-WEAPON FIGHTING

You fight as normal, generally using the weapon in your main hand to attack. If your attack roll is a natural 2, you can reroll the attack but must use the reroll.

ANIMAL COMPANION RULES

RECOVERIES: Add two recoveries to your total recoveries. You can use a recovery on yourself or your animal companion.

ACTIONS: Your animal companion acts on your initiative turn, either immediately before or after you, depending on the animal type. Your animal companion gets a move action and a standard action, but not a quick action.

If your powers care about the “first time you attack an enemy,” an attack by your animal companion counts as your attack.

ANIMAL HARM: Your animal companion can be healed like an ally. If it gets healed without you being healed, it uses one of your recoveries. When you use a recovery while next to your animal companion (including being engaged with the same enemy), your animal companion is also healed using a free recovery.

Your animal companion follows PC rules for falling unconscious at 0 hp and dying after four failed death saves or when its negative hit points equal half its normal hit points. If your animal companion dies, you can summon another one. If you're still on the same adventure, you can call a new animal companion the next day, but it will be one level lower than an animal companion would normally be. At the start of a new adventure, or when you gain a level, bump the companion up to its proper level.

STATS & LEVELS: Your animal companion is always one level lower than you.
